Molteni & C

Molteni Group, comprising **Molteni&C**, **UniFor**, and **Citterio**, is Italy’s leading independent manufacturer of designer furniture and interior solutions. With a strong commitment to research and innovation, the Group collaborates closely with world-renowned designers and architectural firms to create exceptional products for residences, hospitality spaces, and workplaces. By overseeing the entire production process locally, Molteni Group ensures lasting quality and craftsmanship.

Family
Founded in 1934 by Angelo and Giuseppina Molteni, Molteni Group remains a 100% family-owned business, blending heritage with innovation.

Designers
A trusted partner to leading international designers and architects, including six Pritzker Prize winners, bringing visionary projects to life.

Sustainability
Committed to sustainable design and production, with a focus on quality, durability, and long-term environmental responsibility.

Molteni&C is a global leader in designer furniture, kitchens, and interior solutions, blending heritage, innovation, and a deep-rooted culture of quality living. With a presence in over 100 countries, with more than 700 points of sale and 120 Flagship Stores, the brand continues to expand its influence worldwide.

The Heritage Collection
A dialogue between past and future, the Molteni&C Heritage Collection celebrates the work of design masters such as Gio Ponti, Werner Blaser, Yasuhiko Itoh, Ignazio Gardella, and Afra & Tobia Scarpa. These timeless pieces embody the brand’s commitment to preserving and reinterpreting iconic design for posterity.

Molteni Museum
Established in 2015, the Molteni Museum tells the story of the brand’s evolution since 1934 through the vision of its many design collaborators and innovators. Located in the Glass Cube at the Molteni Headquarters, designed by Ron Gilad, the Museum presents a living archive of Molteni&C design excellence.

The Pavilion
Located at the company’s headquarters in Giussano, Italy, the Pavilion is a 1,400-square-metre hospitality and exhibition space designed by Vincent Van Duysen. The building offers a dynamic environment for cultural events, collaborations, and a deeper exploration of Molteni&C’s values.

Palazzo Molteni
Inaugurated in 2025 in the heart of Milan, Palazzo Molteni is the brand’s premier space, offering an immersive experience that brings the Molteni&C design philosophy to life. Housed in an historic, 19th-century residence spanning seven floors, the Palazzo features Molteni Galleria on the upper two levels, a meeting and reception area that serves as the Milan wing of the Molteni&C Headquarters.

The **2025 Molteni&C Collection** is a heartfelt tribute to **Milan**, with new pieces that peel back the city's layers of history and innovation, honouring its creative past as well as reflecting its future.

Overseen by Vincent Van Duysen, Molteni&C's creative director, the mood of the Collection has been informed by deep research into the **company's archives**, with a focus on exhibitions and projects designed in the **1970s and 1980s**. These historical spaces and objects have now been reinterpreted through a 21st-century lens, resulting in a **light and dynamic ambience** that is perfectly adapted to contemporary life.

In Van Duysen's vision for the Collection, Molteni&C's designs provide the ideal scenography for a spacious open-plan apartment in an elegant, residential area of Milan – a reflection of the **city's grand past**, as well as the **modern aesthetics, details and design excellence** that have always defined Molteni&C.

The mood of the Collection plays with the relationship between **historical architecture** and **contemporary cosmopolitanism**. In this respect, the Collection offers a perfect reflection of the values of the newly opened **Palazzo Molteni** in the city's Via Manzoni: a historic space that provides an international hub for design and marks a new chapter in Molteni&C's history.

La **Collezione Molteni&C 2025** è un sentito omaggio a **Milano**, con nuovi pezzi che svelano i diversi strati di storia e innovazione della città, onorando il suo passato creativo e riflettendo al contempo il suo futuro.

Sotto la direzione di Vincent Van Duysen, direttore creativo di Molteni&C, il mood della Collezione è stato plasmato da una ricerca approfondita negli **archivi dell'azienda**, con un'attenzione particolare alle esposizioni e ai progetti realizzati negli **anni '70 e '80**. Questi spazi e oggetti storici sono stati ora reinterpretati attraverso la lente del XXI secolo, dando vita a un'**atmosfera leggera e dinamica** che si adatta perfettamente alla vita contemporanea.

Nella visione di Van Duysen per la Collezione, i design di Molteni&C forniscono la scenografia ideale per uno spazioso appartamento open-space in un'elegante zona residenziale di Milano, a riflesso del **grande passato della città**, così come dell'**estetica moderna, dei dettagli e dell'eccellenza del design** che hanno sempre contraddistinto Molteni&C.

Il mood della Collezione gioca con il rapporto tra **architettura storica** e **cosmopolitismo contemporaneo**. In questo senso, la Collezione rappresenta perfettamente i valori di Palazzo Molteni, recentemente inaugurato in via Manzoni: uno spazio storico che funge da hub internazionale per il design e segna un nuovo capitolo nella storia di Molteni&C.

«Dynamic,
almost abstract
environments,
light, fresh, and
scenographic – a
home inspired by
a contemporary
re-reading of
archives and
history.»

—Vincent Van Duysen
